

## KNOW YOUR SPEAKER

## WHAT'S IN THE BOX

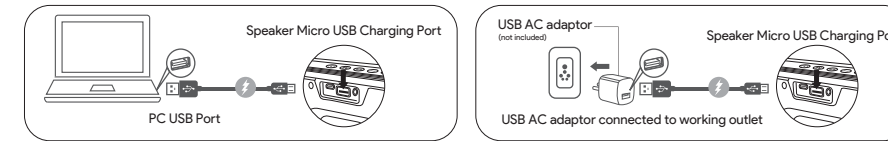

-2-

## GETTING STARTED: CHARGING THE SPEAKER

Charge the speaker before use and keep speaker OFF for faster charging.

- Connect the Micro USB end of the included Micro USB cable to the USB Charging Port of the speaker.
- Connect the standard USB plug end of the cable to a powered USB port on a Desktop / Laptop or any 5V USB AC adaptor (Not included).

The status indicator light will be solid RED when charging and will turn OFF once fully charged.

## GETTING STARTED: POWER ON / OFF

- Long Press "Power" button for 3 seconds to Power ON the Speaker.
- Long Press "Power" button for 2 seconds to Power OFF the Speaker.

-3-

## BLUETOOTH PAIRING

Bluetooth pairing with Smartphone or Laptop for the first time.

- Turn ON the MAXX speaker.

The status indicator light on the front of the speaker will flash blue indicating the pairing mode.

- "Amkette Boomer MAXX 500" should appear in your device's Bluetooth menu. Select "Amkette Boomer MAXX 500".

When connected the blue LED indicator becomes stable.

Note 1: When the speaker is under Bluetooth mode, it will be connected to the last connected device by default. If you want to connect the speaker to another device you need to disconnect from the original device.

Note 2: Double click Power button to disconnect device.

-4-

## TWS (TWIN SPEAKER PAIRING)

Step 1: Turn ON the Speaker 1 by pressing "Power" button for 5 seconds.

Step 2: Turn ON the TWS functionality of Speaker 1

Short Press and Release (U) and (+) button at the same time to turn ON TWS function of speaker.

The speaker makes a double "beep" sound with blue indicator light flashing quickly, and the speaker opens to TWS function

Step 3: Repeat Steps 1 and 2 for Speaker 2.

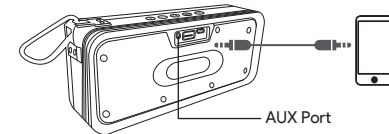

If the connection is successful, the blue indicator light of the connected speaker will flash slowly and the blue indicator light of another speaker is ON.

Step 4: Turn ON your Bluetooth device (Smartphone or Laptop) and connect with Amkette Boomer MAXX.

To discontinue the TWS functionality of the speaker short press and release the (U) and (+) button together. You will hear a single beep noise when TWS functionality is discontinued.

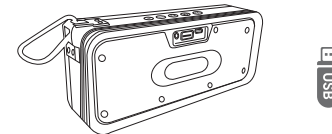

-5-

## AUX PLAYBACK

- Simply insert an AUX cable to enable AUX Playback.
- Single press (Volume (U) / (+) button) for Volume Down / Up.
- Single press (Play / Pause (P) button) to Mute the speaker.

## USB PLAYBACK

- Simply insert a USB Drive to start listening.
- Single press (Volume (U) / (+) button) for Volume Down / Up
- Long press (Volume (U) / (+) button) for Prev / Next track.
- Single press (Play / Pause (P) button) to pause the speaker.

## MODE SWITCHING

When the speaker is ON, single-click the Mode Button to switch between Bluetooth, USB and AUX modes.

## AUTO OFF

When the speaker is turned ON and there is no connection or operation to 5 min, the speaker will turn OFF automatically.

-6-

## VOICE ASSISTANT ACTIVATION

You can use "Play / Pause" button on your speaker to access the Google Assistant (Android) or Siri (iOS) on your device.

Press "Play / Pause" button for 1 second and release to activate Google / Siri Voice Assistant

You hear a tone that indicates Voice Assistant is active.

Note: The Speaker must be connected to your smartphone via bluetooth for Voice Assistant Activation

### Things to try

"What's the weather?"

"What's trending?"

"Call Mom"

"Set an Alarm for 05:30 AM"

"Set a timer for 5 minutes"

## TROUBLESHOOTING

### The speaker is not working?

- Check if the speaker is turned ON and the volume is adjusted properly.
- Make sure that the device is paired/cable connected and the music source volume is not muted.
- Make sure the speaker is charged.
